ISTRUZIONI PER LA CURA, PULIZIA E MANUTENZIONE

INSTRUCTIONS FOR CARE, CLEANING AND MAINTENANCE - INSTRUCTIONS D'ENTRETIEN, DE NETTOYAGE ET D'ENTRETIEN

- Pulizia di routine ad ogni fine utilizzo, risciacquare la vasca da bagno con abbondante acqua.
- Pulire regolarmente la vasca da bagno evita l'accumulo di sporco e calcare, utilizzando prodotti specifici per la pulizia.
- Evitare l'utilizzo di prodotti troppo aggressivi che potrebbero danneggiare la superficie e comprometterne la durata nel tempo.
- Pulire le incrostazioni di calcare.
- Le vasche da bagno colorate, per loro natura, evidenziano di più residui di calcare che quindi sono particolarmente visibili, consigliamo pertanto di fare sempre una pulizia di routine.

- Routine cleaning at each end of use, rinse the bathtub with plenty of water.
- Cleaning the bathtub regularly avoids the accumulation of dirt and limescale, using specific cleaning products.
- Avoid using overly aggressive products that could damage the surface and compromise its durability over time.
- Clean limescale deposits.
- Colored bathtubs, by their nature, show more limescale residues which are therefore particularly visible, we therefore recommend always carrying out a routine cleaning.

- Nettoyage courant à chaque fin d'utilisation, rincer abondamment la baignoire à l'eau.
- Nettoyer régulièrement la baignoire évite l'accumulation de saletés et de calcaire, à l'aide de produits d'entretien spécifiques.
- Évitez d'utiliser des produits trop agressifs qui pourraient endommager la surface et compromettre sa durabilité dans le temps.
- Nettoyer les dépôts calcaires.
- Les baignoires colorées, de par leur nature, présentent plus de résidus calcaires qui sont donc particulièrement visibles, nous recommandons donc de toujours effectuer un nettoyage régulier.

ATTENZIONE

ATTENTION - ATTENTION

Non utilizzare il prodotto per scopi diversi da quelli per cui è stato progettato. Consultare sempre un professionista per eventuali riparazioni o modifiche al prodotto. Non usare prodotti chimici aggressivi (acidi o solventi quali acquaragia, acetone, trielina, etc.), svernicianti, prodotti per la pulizia del forno e per la pulizia dei metalli. Evitare che la vasca da bagno venga in contatto con tinture per capelli. Alcune sostanze come inchiostro, cosmetici e tinte a contatto prolungato con il prodotto possono rilasciare colorante sulla superficie. In caso accidentale di contatto con la superficie di tali prodotti, risciacquare immediatamente con acqua corrente.

Do not use the product for purposes other than those for which it was designed. Always consult a professional workman for any repairs or modifications to the product. Do not use aggressive chemical products (acids or solvents such as white spirit, acetone, trichlorethylene, etc.), paint strippers, oven cleaning products and metal cleaning products. Avoid letting the bathtub come into contact with hair dye. Some substances such as ink, cosmetics and dyes in prolonged contact with the product can release dye on the surface. In case of accidental contact with the surface of these products, rinse immediately with running water.

N'utilisez pas le produit à des fins autres que celles pour lesquelles il a été conçu. Consultez toujours un ouvrier professionnel pour toute réparation ou modification du produit. N'utilisez pas de produits chimiques agressifs (acides ou solvants type white spirit, acétone, trichloréthylène...), de décapants pour peinture, de produits de nettoyage pour fours et de produits de nettoyage pour métaux. Évitez de laisser la baignoire entrer en contact avec de la teinture capillaire. Certaines substances telles que l'encre, les cosmétiques et les colorants en contact prolongé avec le produit peuvent libérer du colorant sur la surface. En cas de contact accidentel avec la surface de ces produits, rincer immédiatement à l'eau courante.

Grace

Vasca in Idealcryn

Bathtub in Idealcryn / Baignoire en Idealcryn

Grace è la vasca in Idealcryn con seduta integrata al suo interno. La finitura classica è il bianco opaco, ma questo modello offre diverse opzioni di personalizzazione: mentre l'interno è sempre bianco opaco, l'esterno può essere monocolore o bicolore, attingendo dalle cromie opache del campionario Idealcolor. La misura di Grace è unicamente di 140 cm. Ha una piletta di serie dotata di meccanismo up & down, con sistema integrato di troppopieno, e il copri-piletta è bianco opaco, come l'interno della vasca.

Grace is the Idealcryn bathtub with seat integrated inside. The classic finish is matt white, but this model offers various customization options: while the interior is always matt white, the exterior can be single-coloured or bicolor, drawing from the matt colors of the Idealcolor samples. Grace's measurement is only 140 cm. It has a standard drain equipped with an up & down mechanism, with integrated overflow system, and a drain cover in the same color as the inside of the bathtub.

Grace est la baignoire en Idealcryn avec siège intégré à l'intérieur. La finition classique est blanc mat, mais ce modèle offre diverses options de personnalisation : tandis que l'intérieur est toujours blanc mat, l'extérieur peut être unicolore ou bicolore, en s'inspirant des couleurs mates des échantillons Idealcolor. La taille de Grace n'est que de 140 cm. La bonde standard est équipée d'un mécanisme clic-clac avec système de trop-plein intégré. La couverture de la bonde est assortie comme l'intérieur de la baignoire.
